

CHELAL[®] ALGA L

FERTILISER: solution of marine plant extract* enriched with potassium
*** product derived from Ascophyllum nodosum**

Declared content:

Primary nutrients expressed as percentage by weight:

Water-soluble potassium oxide (K₂O): 4.5 %

registration number (Belgium): EM062.AE

Product in accordance with Belgian legislation (KB 28/1/2013) and EU-regulation 2019/515

Dosage

1.5 to 4 L CHELAL[®] ALGA L per application and per hectare in foliar applications.
Maximum concentration in foliar applications: 4 %.
Soil applications (drip irrigation): 4 L CHELAL[®] ALGA L per hectare and application.

Applications

Use CHELAL[®] ALGA L in foliar or root application systems. Shake well before use. Use early in the season and continue throughout the entire growing season. Use CHELAL[®] ALGA L as a supplement to a well-balanced crop management program designed to maximize quality crop production. To achieve desired results, availability of all essential nutrients (major, secondary and trace-elements) must be adequate.

Precautions

- wash hands thoroughly after handling; do not drink, eat or smoke during handling.
- if swallowed, seek medical assistance.
- in case of contact with eyes, rinse with plenty of clean water.
- store in a cool, dry place, out of reach of children and animals and far away from food products. Always keep the product in its original container.
- store the product at a temperature between 40°F and 90°F (= 5°C - 30°C).
- this product can be used on most crops as long as maximum dose and concentration are respected. Since it contains boron, injudicious use on monocots (e.g. cereals, orchids, lilies,...) and greenhouse ornamentals may result in serious injury to the crops.

Miscibility

CHELAL[®] ALGA L is miscible with most pesticides and herbicides. Avoid mixing with oil-based products. It is advisable to conduct a miscibility test before application. In case of doubt, consult our technical service.

Preparation of the solution

Pour CHELAL[®] ALGA L into the sprayer tank while filling with water. Continue stirring until the solution is applied.

Warranty

The liability of the manufacturer is limited to delivery of the product in its original container in conformity with the guaranteed analysis, as indicated on this label. The manufacturer is not responsible for inappropriate or inaccurate use of the product nor for damage caused by weather conditions, soil characteristics or special sensitivity of crops and varieties. In no case shall BMS Micro-Nutrients be liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the buyer. BMS Micro-Nutrients makes no warranties of merchantability of fitness for a particular purpose nor any other express or implied warranty except as stated above.
